THE CARVER LIGHTHOUSE

(as shown on the cover)

That such a building could have meant so much to Carver in olden times can scarcely be creditable to a generation now educated in palatial edifices. But such was the case. Much has been told me by my grandfather of the Carver Lighthouse as it came to be known and is affectionately so appellated by the venerable historian of Carver, Henry S. Griffith, to whom I am indebted for most of the information afforded herein.

Originally built in the days of George III, as a Meeting House with pulpit and all, and theology galore, and quarrels aplenty about whom and how much to pay, it became in 1852 the Headquarters for Co. K, Third Regiment, the Bay State Light Infantry. This unit remained active until the close of the War between the States.

The advent of the Civil War gave reason enough for great activity in this sturdy structure. Town Meetings were held there as well as all sorts of social and patriotic gatherings.

All that now remains is the lot, memorial marker, and the written words of historian Griffith — for hardly anyone is now alive who entered the Carver Lighthouse. WBL

THE COMMONWEALTH OF MASSACHUSETTS

DIRECTOR OF ACCOUNTS

State Office Building, Government Center

100 Cambridge Street, Boston 02202

September 24, 1970

To the Board of Selectmen

Mr. Frank R. Mazzilli, Chairman

Carver, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Carver for the period from May 11, 1967 to May 31, 1970, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Gordon A. McGill, Assistant Chief of Bureau.

Very truly yours,

Arthur H. MacKinnon

Director of Accounts

Mr. Arthur H. MacKinnon

Director of Accounts

Department of Corporations and Taxation

Boston, Massachusetts

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Carver for the period from May 11, 1967, the date of the previous examination, to May 31, 1970, and report thereon as follows:

The financial transactions, as recorded on the books of the several departments collecting or disbursing money for the town or committing bills for collection, were examined, checked, and verified by comparison with the books of the town treasurer.

An analysis was made of the accounting officer's ledger for the period covered by the audit. The receipts were checked with the treasurer's books, and the payments were compared with the warrants authorizing them and with the treasurer's records of payments. The appropriation accounts were checked with the town clerks records of town meeting proceedings, and the recorded transfers from the reserve fund were verified by comparison with the records of the finance committee. The necessary adjusting entries resulting from the audit of several departments were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on May 31, 1970.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were compared with

the records of the departments making payments to the treasurer and with other sources from which money was paid into the town treasury, while the payments were compared with the treasury warrants authorizing the treasurer to disburse town funds. The cash balance on May 31, 1970 was proved by reconciliation of the bank balances with statements furnished by the banks in which town funds are deposited and by actual count of the cash in the treasurer's office.

The savings bank books and securities representing the investment of the trust and investment funds in the custody of the town treasurer were examined and listed.

The income was proved and the withdrawals were checked with the receipts as recorded on the treasurer's cash book.

The recorded payments on account of debt and interest were compared with the amounts falling due and checked with the cancelled securities on file.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records, and the tax titles on hand were listed and checked with the records at the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The accounts outstanding according to the previous examination, and all subsequent commitment lists, were audited and proved. The collections as posted on the commitment books were compared with cash books collections and with the recorded payments to the town as shown by the treasurer's cash book. The abatements of taxes and motor vehicle excise,

as entered on the comitment books, were checked with the assessor's records of abatements granted, and the outstanding accounts were listed.

The records of departmental accounts receivable were examined and checked. The recorded receipts were checked with the payments to the treasurer and the outstanding accounts were listed and proved.

Verification of outstanding accounts was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, the replies received there-to indicating that the accounts, as listed, are correct.

The records and permits issued by the selectmen, and the town clerk, and the building inspector, as well as by the police and health departments, were checked, the payments to the treasurer being compared with the treasurer's records.

The surety bonds of the town officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

The records of the school, library and cemetery departments, as well as of all other departments collecting money for the town, were examined and checked, and the payments to the treasurer were verified.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, motor vehicle excise, tax title, and departmental accounts, together with tables showing the transactions and condition of the trust and investment funds.

While engaged in making the audit cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

Gordon A. McGill

Assistant Chief of Bureau

SPECIAL TOWN MEETING

JUNE 20, 1970

A Special Town Meeting of the Inhabitants of the Town of Carver was held at the Governor John Carver School House on Saturday, June 20, 1970 pursuant to a Warrant of the Board of Selectmen dated June 10, 1970. The meeting was called to order at 2:00 o'clock, P.M., by the Moderator, Thomas C. Barham, there being a quorum present. The meeting thereupon proceeded to act on the Articles in the Warrant as follows:

Article 1. Upon motion duly made and seconded it was VOTED to transfer the sum of \$3650.00 from the available funds in the treasury to the Police Account.

Article 2. Upon motion duly made and seconded, it was VOTED to transfer the sum of \$3,000.00 from available funds in the treasury to the Health Account,

Article 3. To see if the Town will vote to accept an amendment to the Plymouth-Carver Regional School District Agreement, said Amendment having been initiated and proposed by a petition signed by ten per cent of the registered voters of the Town of Carver, which Amendment provides in substance that the regional district school shall be a senior high school consisting of grades nine through twelve, inclusive, and to strike out section II as now appears in said Agreement.

Article 3 was duly moved and seconded. Thereupon Mr. Frank R. Mazzilli moved that Article 3 and Article 4 be discussed and considered and then be voted on by secret ballot,

both questions to appear on a single ballot. Motion was duly seconded, and it was so VOTED. Article 3 was then discussed at considerable length.

Article 4. Motion by Erwin K. Washburn, duly seconded, "that the Town approve the amount of debt (\$270,000.00) authorized on May 26, 1970 by the Plymouth-Carver Regional School Sistrict Committee for the purpose of acquiring land and financing in part the construction and equipping of a regional intermediate school, including architects' and engineering fees and other costs incidental thereto." Article 4 was further discussed by Erwin K. Washburn, Chairman of the School Committee.

At 2:52 P.M., discussion on Article 4 being completed, the meeting proceede to vote by secret ballot on Article 3 and Article 4. The Moderator appointed Dorothy M. Lindros, Arlene Jarvinen, Domingo M. Fernandes and Elizabeth F. Ryder to serve as Tellers to supervise the balloting and counting of the votes, and they were duly sworn to the faithful performance of their duties.

The polls were closed at 3:30 P.M., a total of 280 ballots having been cast. The ballots were then canvassed and counted by the Tellers, and the vote was as follows:

Article 3. Shall the Town accept the proposed Amendment to the Plymouth-Carver Regional School District Agreement?

Yes	80
No	197
Blanks	3

The motion was declared lost.

Article 4. On the question of approving the amount of debt (\$270,000) authorized by the Plymouth-Carver Regional School District Committee, as set forth in Article 4, the vote was:

Yes	186
No	91
Blank	3

The motion to approve was carried.

There being no further business to come before the meeting, and upon motion duly made and seconded, it was unanimously VOTED to adjourn.

Adjourned at 4:10 P.M.

REPORT OF THE CARVER PLANNING BOARD FOR THE YEAR 1970

To the Honorable Board of Selectmen

Town of Carver

Gentlemen;

September 8, 1970, after due legal notice, a Public Hearing was held at 8:00 P. M. at the Town Hall on the application of Mazzilli Builders, Inc., and Manual Lopes for a subdivision (Pine View) as shown on a plan dated August, 1970, and consisting of sixteen lots.

September 8, 1970 the Carver Planning Board unanimously approved the 'Pine View' Subdivision.

During the year, sixteen plans were submitted to the Planning Board for endorsement as not requiring approval under the "Subdivision Control Law" and were so endorsed.

Respectfully submitted,

Philip H. Gibbs, Chairman

Charles R. Johnson, Clerk

Ralph W. Peltola

John A. Shaw

Carl W. Sampson

REPORT OF THE PUBLIC HEALTH NURSE

To the Honorable Board of Selectmen

Town of Carver

Gentlemen;

The Public Health Nurse Committee wishes to report that the nurse made 482 visits during 1970. These visits are broken down as follows:

Medical	359
Surgical	36
Orthopedic	13
Adult health guidance	19
Child health guidance	9
	<hr/>
Public Health	436
School visits	46
	<hr/>
Total	482

The nurse made 58 off-duty visits and also collected in fees \$248.00 with money still due to come in from Medicare and Welfare.

During 1970 our workload increased dramatically, an increase of 150 visits over 1969. The school population has increased significantly making the nurses work much more difficult. This has caused us to authorize increased hours for the assistant nurse and is reflected in our budget askings for 1971.

This past year we have finished revising our policies and functions as we were required to do so for our Medicare Certification. As a result of being up to date we have been recertified by Medicare for an additional two-year period.

The Brockton Homemaker Service has trained a Carver woman and she is available to serve the people of Carver if needed. Our committee has been designated as the agency to collect fees from Medicare to cover this service when it is used. It is our hope that this program can be expanded in the future to serve the people better.

We wish to thank the members of our Advisory Committee for their assistance this past year and look forward to an even more rewarding year ahead.

Respectfully submitted,

Clark A. Griffith, Chairman
Mrs. Judith Erickson, Secretary
Erwin K. Washburn
Allen I. Dunham
Gordon W. Fountain

REPORT OF THE HIGHWAY SURVEYOR

To the Honorable Board of Selectmen

Carver, Massachusetts

Gentlemen:

The Chapter 90 Maintenance allotment of \$3000.00 of which the Town appropriated \$1000.00 was used on Plympton Street where 1550 ft. of Class I, bituminous concrete surface was constructed over the existing surface. The \$1000.00 appropriated by the State and the \$1000.00 appropriated by the County was returned to the Town Treasury.

The Chapter 81 allotment of \$25125.00 of which the Town appropriated \$6700.00 and the State \$18425.00 must be used for maintenance purposes, out of which \$5703.00 was used to purchase 28,249 gallons of asphalt which sealed 39,549 feet of road. The remaining balance was divided with \$933.20 returned to the machinery fund. \$1492.62 was used to purchase mix for patching and the \$16995.51 left was used to clean catch basins, brushing, sand for sealing, hired machinery, labor and supplies.

The 1969 Chapter 90 Construction balance of \$30407.94 was expended on Tremont and Seipet Streets along with \$22150.05 of the 1970 Chapter monies. The balance of 1970 Construction which is \$11849.95 will be portioned between Tremont, Seipet and High Streets. The \$25500.00 State and County share of 1969 was returned to the Town treasury. \$1676.43 of this appropriation was returned to the machinery fund.

The \$2000.00 appropriated in the General Highway Budget was used to apply 186.70 ton of mix on Snappit Road.

The \$5002.68 appropriated in 1969 for drainage on Seipet and Tremont Streets was expended as well as \$2500.00 of 1970 Chapter 768 leaving a balance of \$2502.68 which must be spent by 1972.

PLYMOUTH COUNTY MOSQUITO CONTROL
PROJECT

To the Honorable Board of Selectmen

Town of Carver

Gentlemen:

The commissioners of the Plymouth County Mosquito Control Project are submitting to your Board the annual report of the Project which may be inserted, wholly or in part, in your annual town report.

We have attempted to acquaint your townspeople with the Project's activities, objectives, and problems.

Very truly yours,

Htrbert H. Lanman

Chairman

COUNTY MOSQUITO CONTROL PROJECT FOR CARVER

In reporting the Project's activities for 1970, we have been able to continue our primary objectives in each town or city. Namely, the reduction of the mosquito population at source of breeding. This was accomplished either by trenching of breeding areas, or periodic treatment of waters where larvae were found.

The bulk of our efforts during July, August, and September were concentrated in areas and wetlands adjacent to encephalitis locales. Fifty two horses were reported as contracting the disease. Although only seven of these were confirmed cases, we had to assume that all were probables, and responded as we did to confirmed reports. There was only one report of virus in humans. As these reports were received, our fogging units responded, treating these areas and others having numerous horses. The Encephalitis Field Station monitored both adult and larvae populations. We like to feel that we, along with the State Department of Public Health, numerous veterinarians involved, and the Department of Agriculture, aided in some part in trying to avert what might have been an outbreak of more serious proportions. We received reports of four cases of Eastern Equine Encephalitis from the Department of Communicable Diseases. The locations were all in the North Carver area.

Next spring will, in all probability, have an abundance of mosquitoes. Fall rains and present snows are filling the swamplands. We do not have the capacity to control these large wetlands. Consideration of possible harm to the environment will always limit us to areas treated and methods of control. We will continue to work closely with the Field Stations, Pesticide Board, the Department of Natural Resources regarding methods of control. Our efforts will be pointed toward possible encephalitis activity in 1971. This will have priority over some past practices.

Respectfully submitted,

INSECT PEST AND DISEASE CONTROL

The Commonwealth of Massachusetts

DEPARTMENT OF NATURAL RESOURCES

Boston, 02202

To the Honorable Board of Selectmen

Town of Carver

Gentlemen:

According to Section 14, Chapter 132, General Laws of Massachusetts, it is the duty of this office to notify each city and town in the Commonwealth on or before January first of its financial liability. The amount actually needed to affect good control of the public nuisances listed in Section 11, Chapter 132, General Laws is also noted.

Following careful consideration of the shade tree insect and disease problems in your community it has been determined that the following appropriations be made:

Insect Pest Control	\$800.00
Dutch Elm Disease Control	2,500.00

Insects and diseases which beset our valuable shade and forest trees can be controlled. Community involvement is necessary, however, and your Local Superintendent of Insect Pest Control needs your support to accomplish this end.

Pursuant to the requirements of Chapter 132, Section 14 of the General Laws, I have determined that the financial liability of your municipality for 1971 to be \$2,079.82, including the sum of \$800.00 for insect pest control and a sum of \$1,279.82 for Dutch elm disease control. Any sum expended in excess of these amounts will entitle your community to state assistance in the form of a tree removal crew for a period of time determined by the amount of the expenditure.

Please do not fail to notify me of the appropriations and the name and address of your local superintendent.

Sincerely yours,

Arthur W. Brownell

Commissioner

REPORT OF THE CARVER PUBLIC LIBRARY

To the Honorable Board of Selectmen

Town of Carver

Gentlemen:

We would like to acknowledge the gifts made to the library during 1970. Many books recommended for adults were purchased with part of the gift from the Senior Girl Scout Troop. For them and other books including more than a hundred new paperback editions we wish to say 'thank you'. To the donors also of the Consumer Bulletin, The Middleboro Gazette, the National Geographic, and to others who have either given or lent their periodicals for the enjoyment of our patrons, let us express our appreciation.

REPORT OF THE PUBLIC PROSECUTOR
FOR THE YEAR ENDING
DECEMBER 31, 1970

To the Honorable Board of Selectmen

Town of Carver

Gentlemen:

During the year 1970, the Office of Public Prosecutor expanded its services and responsibilities with the addition of the Towns of Carver and Rochester to the regional program. This office assisted the new participants and the Towns of Marion, Mattapoisett, and Wareham, in processing and/or the prosecution of approximately six thousand six hundred eighty seven (6,687) complaints before the Fourth District Court of Plymouth County. These complaints involved approximately three thousand five hundred ninety three (3,593) alleged offenders who were charged during the year by the police departments for some type of criminal activity or motor vehicle violation.

In addition to the prosecution and processing of criminal complaints, this office has rendered legal advice and assistance to all the police departments on various criminal matters, especially in the field of search and seizure, the rights of the individual, as well as the legal rights and duties of our law enforcement officers. When requested and needed, seminars have been conducted for the benefit of the police departments and legal

opinions have been rendered to the Board of Selectmen and other Town Officials.

This office has handled numerous delinquent tax cases for the towns. Court action has been resorted to in order to collect outstanding personal property and excise taxes. This office has also engaged in the enforcement of State Statutes in regards to animals; leash law and licensing requirements have been enforced, dangerous dog violations processed, public hearings and Court action have been resorted to in order to compel compliance.

We have drafted proposed by-aws and have taken Court action to enforce the existing by-laws against persons allegedly disregarding these regulations. We have effectively coordinated activities, information, and anticipated programs, with other governmental agencies such as the Office of Attorney General and the Plymouth County District Attorney. We have been called upon to assist the local school officials in regards to habitual truancy and disciplinary problems in the schools.

During the past year, in addition to the activities above mentioned, we have performed other services to the best of our ability so as to assist local government to cope with the problem of crime and the administration of justice.

A COMMUNICATION FROM THE
CARVER HISTORICAL SOCIETY

To the Honorable Board of Selectmen

Town of Carver

Gentlemen:

On June 28, 1970, the Carver Historical Society was re-activated at a meeting held at the Advent Chapel on Plymouth Street, North Carver, Mr. Henry Miller Shaw, former vice president, presided at the meeting with eleven persons in attendance. This group was first established in 1939 and held its last meeting in 1953.

At the organizational meeting held in August, 1970, the following officers were elected: Carl W. Sampson, president; Henry Miller Shaw, first vice president; Harold T. Braddock, secretary; and Mrs. Sylvia Paulding, treasurer. Standing committees were also elected at this meeting.

The Carver Historical Society's float entered in the 350th anniversary parade in Plymouth won third prize, an appropriately engraved Paul Revere silver bowl, in the "most attractive category" of floats. This bowl is now on display in the town hall.

On behalf of the Carver Historical Society I would like to thank all those who have contributed so much time and effort in

our first year of being active and especially those whose contributions made our Cranberry float a success.

Sincerely,

Carl W. Sampson

President

REPORT OF THE
CARVER HISTORICAL COMMITTEE
FOR THE YEAR 1970

The Carver Historical Committee has continued meetings at the Carver Town Hall. Work has also continued in filing important documents, papers, letters, photos, and pictures. Many letters of inquiry have been received pertaining to former Carver industries, people or lands. These have come from out of town and out of state.

In July 1970, another interesting booth was manned by Henry Miller Shaw and Harold T. Braddock in Shurtleff Park on Carver Old Home Day. Great interest was displayed in the old photos. It is hoped that in July 1971, a larger display will be presented.

At the June meeting, the Historical Committee received an invitation to enter a float in the 350th anniversary parade in Plymouth in September. Since our committee numbers only seven, and the task loomed so great, both in labor and money, the committee voted to have Mr. Shaw call a meeting of the Carver Historical Society which had not functioned since 1953, but had not dissolved. The committee felt that the Society might be re-activated, and the committee members may join individually, but not as a committee. During the late summer, the society was re-organized and a cranberry float was entered in the

Plymouth Parade. The float was appropriate as it depicted the leading industry of Carver, with harvest methods, old and new, with real cranberry bog and berries on the floor of the trailer.

Following is an excerpt from a paper read by Alfred Shaw, a successful cranberry merchant. It was given at Carver Old Home Day in 1903.

"Many changes have taken place in the industrial needs and customs since men worked for sixty cents for a twelve hour work day." Mr Shaw recalls that in 1878, a former cranberry grower told him that the first berries were plentiful and could be picked by anyone, wherever they were found.

Mr. Shaw stated that one season his uncle sent word around that anyone who came to pick his berries, he would give the pickers half the crop. The uncle then loaded up his team for Cape Cod and sold his berries. Mr Shaw noted that this was the first time a commercial value had been placed on the Carver cranberries. Mr. Shaw's father had sold, during the Civil War, Jersey berries for \$45 per barrel. French and Co. of New York claimed the distinction of handling the first berries. Then came Curtis and Hall of Boston.

But in 1879, the advent of berries from New Jersey and the poor keeping quality of berries was a set-back. But due to better harvesting methods and better screenhouses, in 1903, they prophesied that cranberries were here to stay in Carver. (an interesting addition — little did they know in 1903 that on Nov.

20, 1970 Carver cranberry growers were notified that the Pool Budget was \$12.45 per barrel on 100% of barrels as Management's goal.)

REPORT OF THE
SCHOOL ADMINISTRATORS
FOR THE YEAR ENDING
DECEMBER 31, 1970

The past year has seen numerous refinements and innovations in the elementary school program at the Benjamin Ellis and Gov. John Carver Schools. The educational team representing the central office, Elementary Supervisor and building principal is very proud of the professional growth made possible through the dedication of the entire staff.

STAFFING

During the past year we have been most fortunate in obtaining the services of Dr. Margaret Farrell as Science Coordinator for grades one through twelve. She brings to us a wealth and variety of background that should prove most valuable to the implementation of the Science Program. A full time remedial reading position filled by Mrs. Dorothy Neville has afforded us tremendous help in working with remediation and with the child who evidences specific learning disabilities. An excellent part-time counseling service has been provided by Mr. Victor J. Bissonnette, the Director of Pupil Personnel Service.

This year has seen the retirement of Mrs. Anna Wright and Mrs. Margaret Turpin after many years of dedicated service to the children of Carver. They are missed very much.

PROGRAM DEVELOPMENT

The Lippincott reading program has been introduced very successfully into grades one and two thanks to the In-Service program offered to the teachers of these grade levels. In addition, a transitional second grade was initiated this year at the Gov. John Carver School which allows us to intensify instruction for a small group of youngsters who need special assistance in the basic skill areas.

A tutorial program wherein student assists student has been introduced this year as well.

The new Houghton Mifflin mathematics program has been extended into Grade three and Grades seven and eight have the new materials completing their math curriculum.

Organization in grades five and six has been more departmentalized enabling teachers to concentrate in a field of specialization.

The six week summer session "Honest Effort" was again very well received by both students and parents. Field trips and consultants offered enrichment opportunities to this program. Students in grades four through eight took part in the remedial and enrichment curriculum offerings at the Nathaniel Morton Intermediate School in Plymouth.

Gov. John Carver continues to hold membership in the Massasoit Junior High School League competing in both basketball and baseball. Cheerleaders play a supporting role at both home and away games.

An orientation program was offered to our new staff members prior to the opening of school in September. The In-Service

Program has provided staff with an on-going opportunity to up-date knowledge and skills in such areas as reading, math, humanities, sensitivity training, the slow-learner and marine biology.

A summary of activities would not be complete without mention of the cafeteria and the dedicated staff that under the management of Mrs. Irene Williams prepares such fine meals.

The appearance of the building is certainly a source of pride and reflects the concern of the custodial staff.

Deep appreciation and gratitude is expressed by the educational team for the support that has been extended to the schools by the citizens of the Town of Carver.

REPORT OF THE
PLYMOUTH-CARVER REGIONAL
SCHOOL COMMITTEE

In looking back on another year of this most important stewardship, we note with particular regret the loss of the man who led our Committee from its inception, Dr. Samuel K. Stewart. It is the belief of those of us who have served with him over the years that so much of that of which we have been proud in the development of our High School must be credited to the quality of leadership provided by this man. Sam Stewart charged us well with his own sense of dedication and responsibility. It is our firm hope that you will, with us, accept our school as a worthy tribute to his service to our Towns.

As promised in our last report, we began the year with a series of public meetings held throughout the communities to seek an improved understanding of your desires in regard to our planned Intermediate School and, more specifically, your thoughts on where it should be built. These meetings were well attended and made clear to us your desire that we seek permission to build in the Town Forest.

We were thoroughly gratified by the high level of support received at both Town Meetings in providing approval for us to borrow \$270,000 for the purpose of obtaining land and having developed plans and specifications for our new school sufficient to carry us through bid stage. This will allow us some-

time in the spring or early summer to come before you with a request for a specific amount of money that you will be certain will provide the school as described in full detail by our architects.

To have our year off to the kind of start that lends credence to our stated faith in the wisdom and maturity of our students, we were pleased to accept the student request that we abolish the imposed dress codes at Plymouth-Carver. It was reasonably requested that we do this on a trial basis. Student leaders assured us that they would accept the responsibility for censuring those within their group who might take unfair advantage of this new situation. We can only say that we have been most pleased by this acceptance of student responsibility.

We have been encouraged by the willingness and displayed abilities of our administrators and teachers to take advantage of the regional and national conferences available to them in their specific endeavors. These represent in a very real way our windows to the world. Perhaps nowhere are changes in our society more dynamic than in the field of education. There can be no clinging to a status quo that so completely shocked our nation at Kent State. Ours is a dedication to the school's primary responsibility to seek relevance and to provide a sensitive audience for those young people who spend these critical years of their development with us.

Operation Impact was created by the students who worked so well with Mrs. Urann to develop what may well become an annual event in which we may each year take increased pride. Here we saw the beginnings of some very sincere dialogues con-

ceived from the expressions of student need for information and for improved understanding of some of the problems of contemporary living.

During the summer we were delighted to serve as hosts for three wonderful young people from Britain. In cooperation with our A. F. S. people, host homes were found with the John Gilmore, the George Haigh and Phillip Gibbs families. We are certain that those of you who met these visitors were made aware of how wonderful they found their American adventure. In his article within this report, Mr. Cingolani speaks of our school year visitors who have so well lived up to the fine traditions of the A. F. S. program. It is our hope for the future that we may have more of our youngsters take advantage of this opportunity to gain an increased understanding of our place in the world community.

In keeping with our promise to the communities we have been pleased to note the continued and expanded use of the school facility. In both evening classes during the school year and in summer sessions during the used vacation period, we feel that we have served most effectively the needs of adults and students alike.

You will recall our support on separate occasions of community participation within a Regional Vocational School District. We are working now with the Department of Occupational Education to develop certain courses that would allow us to provide within our own school at least some of the advantages of this important field of study. This year saw our first step in this direction. We have implemented a course in auto mechanics.

There has been excitement about the success of this effort that convinces us of the significance of need for a broadening of occupational opportunities for our young people.

We are certainly pleased to welcome Mr. Domingo Thatcher as the newly elected member to our Committee from Carver. He will replace Mr. Arne Erickson whose professional commitments denied the possibility of continued service. To fill Dr. Stewart's position on the Committee, the voters of Plymouth elected Mr. John Pacheco whom we also welcome to membership.

In our reorganization of the Committee we selected Dr. George S. Wild to serve as Chairman. Mr. Erwin K. Washburn will continue to serve as Vice Chairman. They share a tremendous responsibility. We promise our support and urge continued community understanding.

As our year was ending, we shared with all of you in the thrill of having our band move towards a most successful participation in the Tournament of Roses parade in Pasadena. To the Band Parents and their several successful committee chairmen, we offer our congratulations for a job magnificently accomplished. For the band members, we would express thanks to the many people of Plymouth and Carver as well as to their many friends throughout the area who provided such generous financial support.

Respectfully submitted

REPORT OF THE
PRINCIPAL
PLYMOUTH-CARVER HIGH SCHOOL
FOR THE YEAR ENDING
DECEMBER 31, 1970

A number of significant events have highlighted the year 1970 at Plymouth-Carver High School.

Pupil enrollment continued to increase. With the projected population increases and the increase in pupil enrollment and services, careful thought must be given to comprehensive planning of our physical facilities. The Towns of Plymouth and Carver should work to remove any possibility of double sessions. Presently the high school is at maximum in utilization of its facilities. If we are to continue to give the students of Plymouth-Carver High School a broader curriculum offering and to maintain an effective teacher-pupil ratio, additional space is imperative.

During the year there were several changes in personnel. Mr. Paul Fleming from Westborough High School was hired as the new assistant principal. Mr. Silas Wade of the Science Department and Mr. Andrew Dietlin of the Foreign Language Department are on Sabbatical leave. Mr. Dietlin's position is presently being filled by Mr. James Gadbois, and Mr. Paul Ur-

ban was hired as the new football coach and to replace Mr. Wade. Mr. Benjamin Hatch III was appointed as hockey coach and also to teach social studies. Miss Nancy Collings and Miss Joyce DeAbreu were additions to the mathematics department. Mr. Robert Mims replaced Miss Driscoll in that department. Mr. William Johnstone, of the Industrial Arts Department, has returned from a one-year program of study at Wayne State University. Mrs. Linda Pearson was a replacement in the Business Education Department. Mr. Arthur Axon was a replacement in the Industrial Arts Department, and Mr. Ronald Malaquias became Department Head of the Industrial Arts Department, replacing Mr. Patenaude who retired. Mr. William Searle was an addition to the Art Department.

We have been pleased once again to participate in the Foreign Exchange Teacher Program. Mr. John Smith, our English Department Head, is teaching in Crewkerne, Somerset, England. His replacement is Gerald Ellis who has come to us from that pleasant English community. Mrs. Alba Thompson is acting head of the English Department. Miss Janet Drury was a replacement in the Physical Education Department and Miss Carol Stern was a replacement in the Guidance Department.

The Telelecture Program was initiated by Miss Phyllis Boucher, Head of the Social Studies Department. This program offers an excellent means of bringing talented people to the classroom at a minimum of inconvenience to them. This simple procedure of using a telephone to contact resource people has tremendous possibilities for the English and Language Departments as well as the Social Studies field.

The English curriculum guide was revised during the summer under the supervision of Mrs. Alba Thompson; the literature requirements are presently under review.

A new program in occupational education was initiated in the fall of 1970 under the supervision of Mr. William Fairbanks. The program makes an attempt to utilize the strengths of a comprehensive high school and add the needed specialization of a vocational school to prepare students for work in the automotive world. The long range objectives of the program are to graduate students who can fill a need for skilled, trained mechanics. A Speech and Drama course was introduced by Miss Drahetti and Mr. Briggs of the English Department.

The A.F.S. Chapter sponsored two students from abroad this year. They were Heinz Praxamaier, from a small village near Frederichshaften, Germany, living with Col. (Ret.) and Mrs. Loren Thompson, and Rosanne DeCosta, from Colesio Estadual de Gorania, Brazil, living with Mr. and Mrs. Mostrum.

The Class of 1970 was a record breaking class in the amount of scholarship and financial aid received. Of the total \$121,355 received, \$105,805 was accepted and \$24,210 was the amount of local program. To the loyal citizens of Plymouth and Carver we express our deepest gratitude for your warm generosity, support, and faith in our young people.

Two significant events highlighted the year 1970. Operation Impact, under the leadership of Mrs. Alice Urann, was a two-day seminar series, designed by Plymouth-Carver High School students and faculty to offer exposure to life issues of vital im-

portance to the young. Professional consultants of stature led the panels, and it was interesting to note that the most popular panels were those on Race Relations. Morality, and What a Young Person Needs to Know to Prepare for a Happy Marriage. It is generally agreed that this project was an exciting first in Southeastern Massachusetts, that it achieved its goal: to spark thinking, to generate discussion; to inspire questions; and hopefully to find some answers that the young are seeking.

"California, Here We Come" was the theme of the Plymouth-Carver High School band, its director and entourage, as they departed for Pasadena, California to participate in the 82nd Annual Tournament of Roses Parade on New Year's Day. These were frenzied and exciting days in December for the troupe but ones that they will long remember. We are proud of their accomplishments and with a special gratitude salute the understanding and generosity of all those who made this trip a reality.

Without the inspiring leadership and dedication of the teaching staff, none of these activities could have been so successful. The teachers deserve the highest praise for their efforts. May I express my personal appreciation to the citizens of Plymouth and Carver, the Superintendent's office, the students and community agencies for their support and cooperation. It is through their efforts that we implement our strengths to motivate the best education possible for all students.

REPORT OF THE DIRECTOR
PUPIL PERSONNEL SERVICES
FOR THE YEAR ENDING
DECEMBER 31, 1970

As enrollments increase, the role of the pupil personnel staff becomes complex. The current demands of both the school population and communities of Plymouth and Carver make it mandatory that we provide an individualized service for each person as the need arises. In the attempt to meet the needs of the current time and to fulfill the objective of increasing the potential of the pupil personnel services as a community service, the respective school committees have seen fit to add additional staff and to support recommended programs directed toward this end.

The new counselors were added to the elementary staff in September. Miss Maureen Martin and Mr. Brendan Riordan provide counseling services for grades one through six in the Plymouth schools. The Carver school continues to support a counseling service on a part-time basis. Full-time counseling services have been recommended to be initiated as soon as practically possible. Increased effort has been placed upon refining our preschool orientation and readiness program. Through additional predictive instruments and evaluative processes, it is hoped that we can identify those children who need a more specialized approach for their successful school adjustment.

In order to increase the effectiveness of the existing counseling program, we have maintained our working relationship in a counselor intern program with the Graduate School of Education of Boston University. Counselor interns serve in an active counselor role to a prescribed number of students at both the elementary and secondary level and to date have been welcome additions to our staff.

During the past year, the Plymouth-Carver schools have entered into contract with the Plymouth Area Mental Health Clinic which has its facility in Plymouth. This arrangement now gives the pupil personnel staff a prime referral and consultation agency in the all important area of mental health.

At the secondary level, Miss Stern was hired to fill an existing vacancy in the counseling staff. The computer assisted occupational and educational program was expanded to include scholarship information. In addition a group of intermediate school students were introduced to a new occupational interest program.

The counseling office at Plymouth-Carver High School continues to have regularly scheduled office hours twice monthly. All citizens are encouraged to take advantage of this service. Added emphasis was placed upon meaningful experiences to as many students as possible. As a result, group counseling sessions have been initiated and present experience indicates that this technique should be continued. An in-service counselor training program was also initiated to assist in developing positive skills.
